

Liziqi Fan Club Website Specification

1. Project Overview

This document outlines the design and technical specifications for the Liziqi Fan Club website. The website will serve as a dedicated platform for fans to celebrate and engage with the content of Liziqi, a renowned Chinese food and life vlogger. The site's aesthetic will reflect Liziqi's brand—natural, calm, and deeply rooted in traditional Chinese culture, utilizing an earth-tone color palette.

2. Target Audience

- **Primary:** Existing fans of Liziqi who are active on social media platforms like YouTube and Weibo.
- **Secondary:** Individuals interested in traditional Chinese culture, cuisine, and craftsmanship who may not yet be familiar with Liziqi.

3. Site Map

The website will be a single-page application with a navigation menu linking to the following sections:

- **/Home:** Landing page with a brief introduction and a captivating hero image.
- **/About:** Detailed information about Liziqi, her background, and her philosophy.
- **/Gallery:** A collection of high-quality placeholder images showcasing scenic views, crafts, and culinary creations.
- **/Videos:** Embedded videos of Liziqi's most popular work.
- **/Contact:** A simple contact form for fan inquiries and messages.

5. Technical Requirements

- **HTML5:** Semantic HTML5 elements (e.g., `<h1>`, `<h2>`, `<h3>`, `<h4>`, `<h5>`) will be used for structure and accessibility.
- **CSS3:** The website will be styled with CSS3, using a separate `styles.css` file. The design will be responsive.
- **Responsive Breakpoints:** The primary breakpoint for mobile optimization will be `375px` to ensure a seamless experience on iPhone devices.
- **W3C Validation:** Both HTML and CSS code must validate against W3C standards.
- **Accessibility:** The design will adhere to basic accessibility guidelines, including

descriptive alt text for all images and keyboard-navigable menus.

6. External Resources

- **Fonts:** A serif font like 'Georgia' will be used for body text to evoke a classic, elegant feel.
- **Images:** Placeholder images will be sourced from `placeholder.co`.
- **Videos:** Video content will be embedded from Liziqi's official YouTube channel.
